STATE OF NEW YORK
DEPARTMENT OF TAXATION AND FINANCE
ALBANY

November 18, 1936

Mr. Frederick H. Stang,
Clerk, Board of Supervisors,
Kingston, N. Y.

Dear Mr. Stang:

While many other matters are of extreme importance in relation to taxation, none is of more importance than the proper equalization of assessed valuations.

The State Tax Commission is required by law to make investigations and to establish rates of assessment for equalization purposes for each tax district of the State. In counties, Board of Supervisors or equalization commissions are also required to establish such rates. For years, it has been the policy of the Commission to furnish to Boards of Supervisors—to county equalization commissions in those counties having such commissions—the rates established by this Commission for the tax districts in each particular county.

For this year, the Commission has fixed for the tax districts in your county, the following rates:

City of Kingston	65%		
Town of Denning	40%	Town of Olive	70%
" " Esopus	30%	" " Plattekill	22%
" " Gardiner	41%	" " Rochester	30%
" " Hardenbergh	50%	" " Rosendale	30%
" " Hurley	60%	" " Saugerties	54%
" " Kingston	52%	" " Shandaken	45%
" " Lloyd	55%	" " Shawangunk	68%
" " Marbletown	50%	" " Ulster	35%
" " Marlboro	30%	" " Wawarsing	45%
" " New Paltz	40%	" " Woodstock	50%

Necessarily, these rates were established before the 1936 assessment rolls were completed—at least, this is true of all towns and most cities and villages. If in 1936, material changes have been made in the basis of assessment in any town, village or city, knowledge of which was not brought to the attention of this Commission before these rates were fixed, such changes should be considered by your Board of Supervisors, or by the equalization commission of your county, before your county equalization table is compiled for this year.

For several years past, this Commission has endeavored to cooperate with Boards of Supervisors and equalization commissions in establishing rates for equalization purposes which this Commission may use and which localities may employ. The Commission believes that inasmuch as State and local authorities are undertaking to ascertain the same set of facts, better results will be obtained if we work together, combining data and information, as it were. The cooperation of the Board of Supervisors is respectfully invited.

Very truly yours,

STATE TAX COMMISSION

By Daniel R. Spratt, Deputy Tax Commissioner.

Referred to Committee on Equalization.

WHEREAS, the following application of the Veterans Hospital at Ellenville was received, to wit:

APPLICATION OF VETERANS MEMORIAL HOSPITAL
OF ELLENVILLE, N. Y.

to the Board of Supervisors of the County of Ulster for an appropriation in the amount of two thousand five hundred dollars ($2,500.00) under Section 12, Subdivision 44 of the County Law of the State of New York.

VETERANS MEMORIAL HOSPITAL of the Village of Ellenville hereby makes application to the Board of Supervisors of the County of Ulster for an appropriation in the amount of two thousand five hundred dollars ($2,500.00) for the aid and relief of poor persons permanently or temporarily within the County of Ulster, and alleges:

That your petitioner is a membership organization, duly organized and existing under and by virtue of the laws of the State of New York. That its certificate of incorporation was duly filed in the office of the Clerk of the County of Ulster on the 18th day of September, 1923.

That the corporate purposes of VETERANS MEMORIAL HOSPITAL

as expressed in its certificate of incorporation are as follows: "The objects for which the corporation is to be formed are to purchase, erect, establish and maintain a hospital and dispensary."

VETERANS MEMORIAL HOSPITAL is a rural hospital serving a territory about fifteen miles square, in the southern part of Ulster County. This territory is very thinly settled with a normal population of about six or seven thousand inhabitants in the winter season and a much greater population in the summer season, due to the fact that there is a great influx of summer boarders from New York City in this territory during the summer months.

There are many poor people within this territory who, from time to time require the services of the hospital, but cannot in a great many instances, pay anything for the accommodations and care and treatment which they receive, and there are others who require the services of the institution and can only pay a small portion of the costs of their care and treatment in such an institution. In addition to this, there are many summer boarders who, during their vacation in the summer become sick and disabled and are brought to the institution for care and treatment, and are unable to pay either in full or in part for the services which are rendered to them, and inasmuch as the VETERANS MEMORIAL HOSPITAL is a charitable institution, it has never turned away anyone who was in need of its services, regardless of whether or not such an individual could make payment of all or any part of the costs of care and treatment rendered. For this reason the institution hereby requests that the Board of Supervisors of the County of Ulster appropriate the sum of two thousand five hundred dollars ($2,500.00) for the purpose of said hospital in caring for such poor and indigent patients.

Your petitioner further states that VETERANS MEMORIAL HOSPITAL was established and erected and maintained as a monument and memorial to the ex-service men of the World War, and that its name clearly identifies it as such.

VETERANS MEMORIAL HOSPITAL,
By Emory B. TerBush, President.

THEREFORE BE IT RESOLVED, that there be assessed and levied upon the taxable property of the County of Ulster the sum of $2,500.00, the same when collected to be paid to the County Treasurer, to be by him credited to the Veterans Memorial Hospital Fund.

COMMUNICATIONS AND PETITIONS

ULSTER COUNTY
BOARD OF SUPERVISORS
Court House : Kingston, New York

January 8, 1936.

To the Board of Supervisors of Ulster County:

Gentlemen:

I hereby certify that I have made the apportionment of seventy-five (75%) of the surplus of the Dog License Fees amounting to Seven Thousand Twenty-three Dollars and Twenty-nine Cents ($7,023.29), in the manner provided by the Farms and Markets Law, among the several Towns in the County of Ulster and the City of Kingston, and that said apportionment appears on the County Treasurer's report to the Board of Supervisors, said apportionment being correct to my knowledge and belief.

JOHN J. BOTT,
Deputy Clerk of the late Board of
Supervisors of Ulster County.

CITY OF KINGSTON
Conrad J. Heiselman, Mayor

January 7, 1936.

Ulster County Board of Supervisors,
Kingston, N. Y.

Gentlemen:

For some years the City of Kingston has performed, without charge,

laboratory work for the County of Ulster in lieu of free rent of two rooms in the county highway building. At the time the verbal agreement to this effect was made between the County of Ulster and the Board of Health of the City of Kingston the laboratory was a new institution and the agreement was equitable to all parties concerned. Since then, however, the laboratory has enormously increased, and during 1935 the City of Kingston performed laboratory services for the County of Ulster totaling in value almost $6,000.00.

The laboratory will be moved to new city quarters in the laboratory building, which is expected soon to be finished. It will be one of the best equipped laboratories in the State when completed and occupied. A chemist will be employed, which will permit of the analysis of water and will greatly increase the usefulness of the laboratory.

At the suggestion of the State Department of Health, Division of Laboratories and Research, I present to your honorable body herewith a proposed contract on behalf of the Laboratory Board of the City of Kingston, wherein our laboratory agrees to furnish all county laboratory service for the year 1936 for the sum of $5,000.00, which I hope you will authorize and execute. The State Department informs us that on presentation to them of a certified copy of this contract, and evidence that your proportionate share of the cost has been included in your budget, they are prepared to reimburse the County of Ulster 50% of this amount in the same manner that they refund to the city 50% of the cost of operating the laboratory. This laboratory is a vital factor in promoting public health throughout this county, as well as increasing medical and surgical education. Bacteriological and surgical specimens heretofore sent by necessity to State laboratories are now handled within the city of Kingston. I trust, therefore, that this contract will meet with your prompt and favorable action.

Pending the several weeks in which our laboratory will still occupy county premises, I am authorized by our Laboratory Board to state that they will be glad to compensate the county at the rate of $100.00 per month for the premises occupied.

Yours truly,

C. J. HEISELMAN,
Mayor.

THE CITY OF NEW YORK

WATER SUPPLY, GAS AND ELECTRICITY

County of Ulster,
c/o Arthur B. Ewig,

Kingston, New York.

Sir:

The records of this department show that permit for the use of city property located on Shandaken-Hurley P. T. 1 County Highway 118, Town of Olive, N. Y., to connect dangerous angle point and make the road safer for travel expires under date of December 31, 1935—Permit No. 426c.

If you desire to continue the use of the above mentioned property for the ensuing year subject to the conditions formulated by this department, it is required that you forward payment in the amount of $1.00 on or before December 31, 1935.

Upon receipt of check or money order made payable to the Department of Water Supply, Gas and Electricity, City of New York, a duly receipted permit will be issued and forwarded to you.

COUNTY SUPERINTENDENT OF HIGHWAYS

February 17, 1936.

Mr. Frederick Stang,
Clerk, Board of Supervisors,
Court House,
Kingston, N. Y.

Dear Sir:

Due to the unprecedented conditions created by the excessive snow fall and the blizzards, the amount of moneys alloted this department by the Board of Supervisors for Snow Removal have been expended or obligated and in order that the work might be carried on it is imperative that an additional sum be made available.

I have endeavored to conduct the snow removal as economically as was possible under the circumstances but we have been confronted with a condition which in my experience offers no comparisons.

I do not know whether the amount which you will allot will be sufficient, this will depend entirely upon the amount of snowfall which might occur between now and Spring. In view of the fact that I am without power by law to obligate the County for any moneys in excess of those provided by the Board of Supervisors it is requested that immediate action be taken by the Board.

Respectfully yours,

J. F. LOUGHRAN,
County Superintendent.

STATE OF NEW YORK
DEPARTMENT OF PUBLIC WORKS

January 27, 1936.

Mr. James F. Loughran,
County Supt. of Highways,
Kingston, N. Y.

Dear Sir:

I am enclosing three (3) copies of preliminary resolution and three (3) copies of final resolution covering extra work on the West Park Crossing contract, to be paid for by Ulster County. Please have these resolutions passed by your Board and return two of each to this office.

I am also enclosing eight (8) copies of the supplemental agreement covering this work. Please sign as County Superintendent, secure the signature of the Chairman of the Board of Supervisors, retain the marked file copies and forward the remaining six (6) copies to the Kingston Construction Corporation, 660 Broadway, Kingston, N. Y., for further execution.

In explanation of this request, when your Good Roads Committee last Fall attempted to secure the right of way for the advertised contract for the improvement of the West Park Railroad Bridge, it was found that the roadway improvement would cover the retaining dam and outlet gate controlling a pond on the Lloyd Plass property. The plans call for a culvert draining water from the unoccupied part of this pond but as this culvert did not provide for maintaining the pond at its existing level nor for a gate to reduce the pond level, and as this was one of the principal items of damage claimed by this owner, it was deemed very advisable after discussion with your Good Roads Committee, to include as part of this contract alteration at County expense to the west end of the road culvert, so as to preserve the impounded water at its original level and provide control.

It seems quite clear that the small construction expense involved in this alteration will be much less than if our construction destroyed this pond, and of course it can be done much more expediently and much more economically by our contractor as a part of the contract than if the County should attempt to arrange for the work independently.

Another item included in this supplementary agreement is the installation of a 12″ Cast Iron Pipe sleeve under the pavement to maintain service in three existing water pipes on the Leopold Wetter property. On a project of this character, these pipes are an encumbrance which has to be cleared from the right of way or adjusted to the construction and, as in the case of the previous item, the method suggested in this alteration is

by far the cheapest and most economical for the County.

Very truly yours,

J. S. BIXBY,
District Engineer.

Mr. J. F. Loughran,
County Supt. of Highways,
74 John Street,
Kingston, N. Y.

Dear Jim:

Dave Noonan has talked to you this morning about removing the snow from the Ellenville-Walker Valley road. I presume that the reason the road was not included in your schedule was that it was under contract and not yet completed.

It seems, however, that the failure to remove snow has resulted in several families being cut off and the road being impassable as far as through traffic is concerned. I shall appreciate it if you will put it on your program and I assure you that we will be very glad to approve it as part of the mileage from which you remove the snow and also approve the reimbursement of Ulster County.

I suggest, however, that at the next regular meeting of the Board of Supervisors you ask that the original resolution be amended to include this road.

Very truly yours,

(sig) A. W. BRANDT,
Commissioner.

ULSTER COUNTY TUBERCULOSIS HOSPITAL
Kingston : New York

January 24, 1936.

Board of Supervisors,
Kingston, New York.

Dear Sirs:

Ever since the opening of the hospital much trouble has been experienced with the dirty condition of the water, due to the installation of the pump. The Water Works Department of the City of Kingston offers a remedy for this condition by the elimination of the dead end. By con-

structing another pipe line across the property on the northern boundary extending to Glen Street from a point below the pump house, a distance of approximately 1,350 feet, creating a circulation, this condition can be remedied, and the Hospital Board would recommend to the Board of Supervisors that a right of way be granted to the Kingston Water Works Department for the installation and maintenance of this extension. The location of the line appears on the map submitted herewith.

Very respectfully yours,

F. B. SEELEY,
President, Board of Managers.

TAPPEN CAMP No. 1 SONS OF UNION VETERANS
Kingston : New York

April 24th, 1936.

Mr. Fred Stang, Clerk,
Board of Supervisors of Ulster County.

To the Honorable Board of Supervisors:

On December 16th, I personally appeared before your august body and explained a communication which was read at that time. This communication had reference to an appropriation of One Hundred Dollars to be given Tappen Camp No. 1 Sons of Union Veterans so that they might carry out the work of decorating the graves with flags on Memorial Day. This money is also to be used in purchasing markers to replace broken ones in the different cemeteries where we operate.

This work in by-gone years was carried on by Pratt Post No. 127 G. A. R., but in recent years the local Camp of Sons of Union Veterans have had to carry on the work. On different occasions we have appeared before you and your body has given us a donation, but this year we appeared and sent you the communication in what we thought was plenty of time for an appropriation, yet to date we have had no word as to the decision of the Board. Will you not let us have an answer so that we can plan our Memorial work and continue to honor those who strove to preserve the Union.

Most sincerely yours,

JAMES M. KROM,
Commander.

snow from the State and County Highways in this County as designated by the State Department of Public Works is $16,475.07 or so much of this amount as is allowable under section 53-C of the Highway Law.

Gentlemen:

The following resolution was adopted at the regular meeting of the Milton-on-Hudson, No. 884, on May 4th, 1936:

> Whereas the number of serious accidents are increasing on the two-lane highway in Milton, we would request the Highway Department to rush the completion of the three lane strip, as we feel it is an absolute necessity.

Yours truly,

H. C. VANDERVOORT,
Secretary.

The March term of the Grand Jury completed its session on March 31 and presented the results of their deliberations to Judge Bergan on Thursday morning, April 2.

Their session was an unusually long one, and nearly 30 cases were presented to them by the District Attorney for their consideration. To give careful analization to that number of cases, with their intricate

detail, is a job worthy of the best efforts of Ulster County citizens who are summoned for Grand Jury duties.

One can hardly summarize 15 days or more of concentration by the Grand Jurors in a brief report of this nature.

A careful study of our crime situation, as presented to us in a carefully arranged and impartial manner by our District Attorney, gives us the impression that our crime situation is under complete control by our District Attorney and his able assistants. It was a pleasing privilege to see the conspicuous fairness with which each case was presented to us, and we would like to take this opportunity to thank, not only the District Attorney, but his assistant LeVan Haver, and William P. Glass for their efficient cooperation.

At the conclusion of our session we inspected the jail and found the appearance and detail there carefully supervised by Sheriff Molyneaux. The Sheriff is entitled to much credit for the convenient and needed rearrangement of his office and the office of under sheriff Feeter. The change was needed and is much appreciated by those having business in the sheriff's office. It is our opinion that the sheriff's office should have a photographic outfit to supplement his finger-printing system. This additional necessary equipment would materially increase the efficiency of his office.

We are also of the opinion that an entirely remodelled Grand Jury room to include sufficient ventilation and sanitary equipment is sadly needed. The Grand Jury room is so conspicuously lacking in every detail of convenience, comfort and accessability for satisfactory service, that it is surprising that repeated inspections and recommendations have been entirely ignored.

OFFICE OF
COUNTY SUPERINTENDENT OF HIGHWAYS
74 John Street : Kingston, New York

July 9th, 1936.

To the Honorable
Board of Supervisors,
Ulster County, New York.

Gentlemen:

By resolution adopted by your body on the 11th day of May, 1936, I was directed to examine the concrete bridge spanning the Wallkill River in the settlement of Wallkill, Town of Shawangunk, this county, such bridge having a span of more than 25 feet and to report to your body as to its condition, etc.

In accordance with such instruction, I have made a careful inspection and find the bridge is a three span reinforced concrete arch bridge; that the bridge was built by the Town of Shawangunk during the year 1915 and that subsequent to its completion the Town reconstructed the pavement over the bridge and since that time the spandrel walls have moved out of their true position, apparently due to the frost action upon material placed on the top of and over the arches. The distortion or movement of the portion of the spandrel walls is such that there is a possibility of their being moved completely off the arches.

In view of the fact that in all other cases where the bridge has been condemned by the County Superintendent of Highways it becomes the duty of the County to assume the liability for its replacement or repairs, therefore in accordance with sub-division 10 of Section 231 of the Highway Law I recommend that the reinforced concrete arched bridge spanning the Wallkill River in the settlement of Wallkill, Town of Shawangunk, this County, be taken over by the County of Ulster for the purpose of maintaining and preserving the same under the supervision of the County Superintendent of Highways.

Respectfully yours,

JAMES F. LOUGHRAN,

Dear Sir:

Section 55 of the Highway Law provides for State Aid for Snow Removal on State and County Highways and in order that we might receive the benefit, it will be necessary for the Board of Supervisors to pass a resolution stating that public interest demands the snow removal from the State and County Highways of the County and requesting that such snow removal be accomplished at the joint expense of the State and County, and it is necessary that the resolution shall specifically designate the State and County Highways from which snow is sought to be removed and the number of miles of each highway. It also provides that in no case shall the amount to be paid by the State exceed $50.00 per mile for such purpose.

It is requested that the matter be presented to the Board of Supervisors at its first meeting.

Kingston, N. Y.

My dear Mr. Stang:

This letter has reference to the case of Mrs. Catherine Smith, a blind resident of Cottekill, N. Y. Mrs. Smith is receiving $13.00 monthly under the Relief Law for the Needy Blind. Her husband is being assisted under the Old Age Relief Law. There has been a change in the circumstances of this applicant due to the fact that a son who has been able to supplement her relief allowance, is now unable to continue this assistance.

It is therefore felt that an increase in this allowance is needed and the following budget is suggested as being necessary to provide for this applicant's share in the expenses of the household: Shelter and fuel, $5.50; light, 50 cents; food, $9.00; clothing, $2.00: a total of $17.00 monthly.

A relief allowance of $17.00 monthly instead of $13.00 is hereby recommended on behalf of Mrs. Catherine Smith, under Chapter 185, Laws of 1922.

Very sincerely yours,

MARY J. JOHNSEN,
Supervisor of Social Work

Gentlemen:

Following is a report of the inspection of Ulster County Home Farm which was visited on October 29, 1936.

This farm of about 170 acres has apparently not been worked to capacity for several years past. The present superintendent, who took charge at the beginning of the year, plans to increase the farm operations here. He has somewhat increased the acreage of field crops and plans to enlarge on these still more. Some work has also been done in cleaning up the pastures during the past year. Livestock here are in very satisfactory condition. The dairy herd is being enlarged and some culling has been done recently. I suggest that accurate production figures be kept on the herd and used as a basis for this work.

A large part of the vegetables used in the Home are produced here and some have been canned for winter use. More fruit could be used here to good advantage, and I suggest that plans be made to produce more as soon as possible. Considerable thought is being given to the rotation and

fertilization of crops and I think a good practical system is being worked out.

Yours very truly,

No. 747 September 9, 1936.

Mr. Roscoe V. Elsworth,
Ulster County Attorney,
John Street,
Kingston, N. Y.

Dear Roscoe:

Mr. Samuel Elmer Dill of R. No. 2 Saugerties, who died October 17, 1936, was a recipient of Old Age Relief from this Department. While living, he and his wife occupied and owned a small bungalow near the Schoentag colony at Glenerie, against which Mr. Christian I. Schoentag holds a first mortgage of $700 and this Department took a second mortgage. Mr. Schoentag has not received any interest for some time and I question whether there would be any equity for this Department if Mr. Schoentag should foreclose this first mortgage.

He has, however, offered this Department a cash settlement of $100 for our second mortgage and I would recommend that you ask the Board of Supervisors to authorize me to transfer to Mr. Schoentag the second mortgage which we now hold for the sum of $100.

Sincerely,

HENRY.

Dear Roscoe:

Mr. Hans Rose, Case No. 1172, Walker Valley, has an opportunity to sell a parcel of land consisting of approximately 1¾ A for the sum of $600. This Department holds a first mortgage against this property and I recommend that the Board of Supervisors authorize a release from the mortgage of this particular parcel of land and that the amount of $600 received from the sale of said parcel by said Hans Rose less $255 which is owing to Mr. Elmer Van of Pine Bush, lumber and feed dealer, for a bill contracted by our recipient for materials which were used on the property, be paid to the Old Age Relief Department of Ulster County. Ulster County will therefore be reimbursed $345.

The purchaser of this plot of ground is Mr. Frank J. Weidemen, 759 Melrose Avenue, New York City.

To the Honorable

Gentlemen:

In the matter of the approval of an agreement presented by me and approved by your Board, the same having been submitted to the State Department of Highways for their approval, it was noted that the unfinished portion of County Road No. 56, being the Ulster Heights Road in the Town of Wawarsing, was not included in accordance with an agreement which I had made with Mr. E. C. Lawton, Deputy Commissioner of Highways, this omission having been an error on my part. At that time the Commissioner held up the approval of the County Road Agreement until at such time as I could assure him that this work would be attended

to during the season of 1936 and in accordance with my guarantee to the Commissioner that this work would be completed, he did, on the 9th day of June, 1936, approve of all the agreements as submitted by us and in accordance therewith so much as was intended to be appropriated for the work on County Road No. 56 was expended on County Road No. 56 and I would therefore request that suitable action be taken by your honorable body whereby the amount thus appropriated for County Road No. 78 be transferred to the account of Road No. 56.

Gentlemen:

It will be necessary for this Department to have available for the year 1937, the sum of $45,000.00 for grants and Special Relief, and $8,000.00 for administrative purposes.

Under Section 124R of Chapter 693 of the Laws of 1936, it now becomes necessary that this Department pay the burial expenses of all recipients of Old Age Assistance and it is recommended by the State Department that there be set aside a separate fund for this purpose. It is rather difficult to even estimate the number of deaths that will occur during the ensuing year or the amount which will be necessary for this burial fund.

I would, however, request that an appropriation of $2,000.00 be raised and that it be known as the burial fund for recipients of Old Age Assistance.

I therefore respectfully request that there be a total appropriation of $55,000.00 for the Division of Old Age Assistance.

Very truly yours,

HENRY A. LAMOUREE,

OFFICE OF
THE COUNTY ATTORNEY
COUNTY OF ULSTER

November 30, 1936.

Board of Supervisors of Ulster County,
Court House,
Kingston, N. Y.

Gentlemen:

An appeal was taken by the Town of Wawarsing to the State Tax Commission, from the equalization of assessments and correction of assessment rolls of the several tax districts of this County, as made by its Board of Supervisors on the 30th day of December, 1935.

Several hearings were held in the matter during the past year before

Hon. John P. Hennessey, Tax Commissioner.

During the past several days, negotiations have been had between the Supervisor of the Town of Wawarsing and Leroy Lounsberry, Esq., attorney for the Town of Wawarsing, and the Chairman of your Board and myself, relative to an adjustment of the matter.

As a result of such negotiations, an arrangement has been reached, subject to the approval of this Board, whereby the said appeal is to be withdrawn before the State Tax Commission by the Town of Wawarsing, and the table of equalization as adopted on the 30th day of December, 1935, is to stand, provided payment of the expenses for which the Town of Wawarsing has become obligated in the matter of said appeal for services of appraisers, counsel and other miscellaneous expenses in the total amount of $1,850.00, is paid and assumed by the County of Ulster.

Submitted with this letter is a certified copy of the resolution adopted by the Town Board of the Town of Wawarsing on the 30th day of November, 1936, approving an adjustment upon the aforesaid basis.

The carrying through of this appeal to a final determination by the State Tax Commission, and with a probable review in the courts by means of certiorari, must necessarily entail a very substantial expense, running in the thousands of dollars. The entire expense of the appeal would be borne by the County in the event that the Town of Wawarsing succeeded upon its appeal, and on the other hand, would be borne entirely by the Town of Wawarsing in the event the Town were not successful in its appeal. In either event, it is my judgment and belief that an adjustment of this matter, as above set forth, is in the interest of the County of Ulster, as a whole. I accordingly recommend that the matter of this appeal be settled and disposed of as above set forth.

Respectfully yours,

ROSCOE V. ELSWORTH,
County Attorney.

JUDGE'S CHAMBERS
Kingston, N. Y.

November 30, 1936.

Hon. Fred H. Stang,
Clerk of the Board of Supervisors,
Court House,
Kingston, N. Y.

My dear Sir:

In order properly to comply with the present statute providing for and regulating the issuance of pistol permits (permits for possession and permits to carry) considerable expense is involved, as you are aware.

For the purpose of covering this expense the Board has, for some years back, made an annual appropriation of $600.00, subject to my draft, to be accounted for by me to the Board each year, under which arrangement I have already filed my report of expenditures for the past year.

So long as the present law remains in effect this appropriation will have to be continued, or some other suitable method of operation will have to be devised, if I am to perform properly the function vested in me by this statute and therefore I respectfully request that you bring this matter to the attention of your Honorable Board in such manner as you deem advisable, to the end that I may be supplied with the funds necessary to carry on this work, as in past years.

Very respectfully yours,

FRED'K G. TRAVER,
County Judge.

OFFICE OF
THE COUNTY ATTORNEY

Board of Supervisors of Ulster County,
Court House,
Kingston, N. Y.

Gentlemen:

On or about the 18th day of May, 1936, Ruth E. Garrity of 15 Hewitt Place, Kingston, New York, duly presented and filed a claim with the County of Ulster, in the amount of $64.00, for damages sustained by the claimant's Plymouth Sedan automobile on or about the 22nd day of March, 1936, on the Lucas Avenue Turnpike, by reason of the same being struck by a falling tree.

An investigation has been made of this claim by me in conjunction with the County Superintendent of Highways, and after such investigation, I am of the opinion that the same is a legal claim against the County of Ulster, and should be paid in the amount of the claim, namely, $64.00.

Respectfully yours,

ROSCOE V. ELSWORTH,
County Attorney.

CITY OF KINGSTON LABORATORY
Kingston : New York

November 30, 1936.

To the Honorable,
The Supervisors of Ulster County,
Kingston, New York.

Gentlemen:

During the current year the City of Kingston Laboratory has per-

formed the Public Health Laboratory procedures for the County of Ulster according to an agreement between the Board of Managers of the City of Kingston Laboratory and the Board of Supervisors of Ulster County for the sum of five thousand dollars ($5,000.00) per annum. This agreement terminates on the 31st day of December, 1936.

Based upon the value of the work performed for the first ten months of this year, we estimate the value of the work for the entire year will be sixty-seven hundred dollars ($6,700.00), which means that sixty-seven hundred dollars ($6,700.00) worth of work will have been done for the sum of five thousand dollars ($5,000.00). This increase in the use of the Laboratory over and above the estimate we gave you one year ago is due in a large part to the State-Wide Pneumonia Control Program, sponsored by the New York State Department of Health, which got under way during the current year. The results of this drive have been very gratifying and is to be carried on more vigorously during the coming year.

Plans are completed for a vigorous drive in the State-Wide Syphilis Control Program for the year 1937, and as our part in this drive the City of Kingston Laboratory expects to complete its equipment and add a well trained technician to the staff for the performance of the Wasserman Test, an examination essential to the diagnosis and adequate treatment of syphilitic infection. The value of having this work done in a local laboratory is obvious. The greatest value will result from a more general use of the test and in the time saved in the transportation of blood samples to a distant laboratory. Also, deterioration of the blood in transit will be greatly lessened. In order that these essential aids to the public health of the people of Ulster County may be provided, additional financial assistance from the County will be necessary.

For the current year the City of Kingston appropriated fifteen thousand dollars ($15,000.00) for the Laboratory, seventy-five hundred dollars ($7,500.00) of which will be refunded by the State Department of Health, leaving a net cost to the City of seventy-five hundred dollars ($7,500.00). For the same period the County of Ulster appropriated five thousand dollars ($5,000.00) for laboratory services, twenty-five hundred dollars ($2,500.00) of which will be refunded by the State Department of Health, leaving a net cost to the County of twenty-five hundred dollars ($2,500.00). The value of the public health work done for the city, estimated in exactly the same way as that done for the County, is forty-four hundred and fifty dollars ($4,450.00), while that carried out for the County is sixty-seven hundred dollars ($6,700.00). In other words, for the year 1936, the citi-

zens of Kingston will pay seventy-five hundred dollars ($7,500.00) for forty-four hundred and fifty dollars ($4,450.00) worth of laboratory work, while the citizens of Ulster County will pay twenty-five hundred dollars ($2,500.00) for sixty-seven hundred dollars ($6,700.00) worth of laboratory work. That is, the cost of any given examination is four and one-half times as much to the City of Kingston as to the County of Ulster.

In view of these facts we hereby request you gentlemen of the Board of Supervisors of Ulster County to appropriate the sum of eight thousand dollars ($8,000.00) for the maintenance of the City of Kingston Laboratory for the year 1937. One-half of this appropriation will be refunded by the New York State Department of Health, leaving a total net cost to the County of four thousand dollars ($4,000.00).

We are proceeding with the preparation of our budget for the year 1937 and are anticipating your appropriation of eight thousand dollars ($8,000.00), since we feel you will recognize the fairness of our request. Should you care to have some member of our board meet with you at the time this appropriation is considered, we shall be glad to have him there.

Very truly yours,

BOARD OF MANAGERS,
CITY OF KINGSTON LABORATORY.
By J. S. Taylor, M.D., Director.

OFFICE OF
COMMISSIONER OF PUBLIC WELFARE
COUNTY OF ULSTER
New Paltz : : New York

December 3, 1936.

Hon. Chairman and Members
of the Board of Supervisors.

Gentlemen:

I wish to submit to your Honorable Board, for your consideration, certain improvements which we feel should be made at the County Home,

laying down a program which might be worked out over several years, which would add greatly to the Home and to those who are committed here and would also cut down to a certain extent the hospital bills of the towns.

We feel that there is a great need for a separate home in which the Commissioner and his family might live. He is directly connected with the Home and consequently his whole time is taken up. In other words he has no place to go where he may have some time to himself and family. We believe that the present administration building should be given over to the office and store rooms, as we are greatly crowded at the present time for office room and we also have no store room whatsoever in which to store supplies which are sent in such as food, clothing, medicines, etc., which might be kept separate and an accurate account kept of just where these supplies go in order that we might be able to submit a more accurate report and keep on file books which would show how all supplies were used.

I have no doubt but that you gentlemen are aware of the fact that our infirmary is, at the present time, taxed to its capacity with sick and convalescent cases. We also have several people in the hospitals in Kingston who, if we had the facilities, might be brought to the Home and kept here during their convalescent periods, thereby reducing the hospital bills of the towns to quite a large extent.

At the present time it is necessary for the people who are in charge of the hospital to live there also as we have no other place in the Home for them to live. We feel that if the second floor of the administration building was somewhat changed, these people who are in charge of the hospital could live there, thereby having an apartment by themselves. At the same time this would release to us four rooms in the hospital which they now occupy, and which we are greatly in need of. We would also advise that a trained nurse be placed in charge of the hospital, the dressings, medicines, etc., to come directly under her supervision, thereby giving better care, and at the same time being in a position to take care of cases which heretofore it has become necessary to send to the hospitals in Kingston.

You are probably aware from the State reports that the present men's building has been condemned for some time, due to floors, poor ventilation and poor lighting. During the past year, we have repainted this building all the way through. We also made certain changes in the kitchen in re-

gard to increasing the ventilation and lighting, but we still feel that this building should be given an overhauling. New floors should be installed, more windows added, thereby making it a cleaner and better place in which to live. This building is also very much overcrowded in the winter time as a great many recipients of Old Age pensions, who during the summer can take care of themselves, but in the winter return to this institution, and it is therefore taxed to its capacity and overcrowded very much. We would advise that in the near future an addition be made to the men's building, giving them more room and also a large room in which they would be able to sit during the day.

The plumbing in both the men's and women's buildings will have to be thoroughly overhauled and a great deal of it replaced during the coming year. It is obsolete and very unsanitary. New floors will also have to be installed in the bake shop, kitchen and men's dining room, as these floors at the present time are very worn and no doubt will soon give way.

The State has also recommended and insisted that inasmuch as our sewerage system runs out in the back, down into the open ditches and into the Wallkill Creek, it will be necessary for us to install septic tanks in order to take care of that sewerage before it can be discharged into the stream. This we feel that we are capable to do with the help we have here at the County Home, and with the permission of your Honorable Board, we will be glad to build such septic tanks during the coming summer. The only thing that it will be necessary for you to furnish would be the material for same.

Last summer we called to your attention a shortage of water. It will be necessary for a survey to be made in regard to improving this system as during last summer we were forced to work on a very short water supply in order to carry us through and at the same time leaving us without fire protection during that time. We would advise that the matter be looked into carefully in regard to connecting with New York City, which is just below our reservoir, allowing us to use this water at such times when it might be necessary, and only having to pay for the amount of water which we use. We feel that this would be much cheaper than to try to build a larger reservoir of our own.

Wishing to thank you for the many kindnesses which you have shown us during the past year, and hoping that our coming year may be just as friendly as it has been in the past, assuring you that we stand ready at all

times to do anything that you might suggest or to assist any town relative to their welfare work in any way, I remain

Very sincerely yours,

R. H. PARK,
Commissioner of Public Welfare.

ULSTER COUNTY CLERK'S OFFICE
Kingston : New York

December 3, 1936.

Mr. Fred Stang, Clerk,
Board of Supervisors,
Kingston, N. Y.

Dear Sir:

There are a large number of Deed and Mortgage Indexes, Deed Books and Mortgage Books, Court Records, and other miscellaneous books in this office which are in need of repair and re-binding. I hereby request your honorable body to make an appropriation in the sum of $1,500.00 to make such repairs and do such re-binding as is necessary on these books.

I also request an appropriation of $500.00 to be made by your Board for extra clerk hire for the Motor Vehicle Bureau during the rush periods of January and May.

I also request that an appropriation of $150.00 as the County's share to continue the work of indexing old civil action prior to 1906.

Very truly yours,

JAMES A. SIMPSON,
Clerk.

OFFICE OF
COUNTY SUPERINTENDENT OF HIGHWAYS
74 John Street : Kingston, N. Y.

December 14, 1936.

To the Honorable,
The Board of Supervisors,
Court House, Kingston, N. Y.

Gentlemen:

I consider it to be to the interest of this County to take over for maintenance that section of the County Road System and known as the Plains Road in the Towns of Shawangunk and Plattekill. It would not be necessary at this time to reconstruct the road but in view of the fact that this particular stretch of road lies between the finished portion of the County Road System in Orange County at the south and the concrete pavement near New Hurley on the north indicates its importance for through traffic and I would therefore recommend that your County Superintendent of Highways be authorized to include this portion of the county road system in the maintenance program for the season of 1937.

Respectfully yours,

J. F. LOUGHRAN,
County Superintendent.

ROBERT G. GROVES
Attorney and Counselor at Law
280 Wall Street : Kingston, New York

December 21, 1936.

Albert Cashdollar, Esq.,
Chairman, Committee for Purchase of Rights of Way,
Court House,
Kingston, N. Y.

Dear Mr. Cashdollar:

Some years ago, the County of Ulster, in acquiring lands for the construction of the Kingston-Ellenville, Part 3, State Road No. 141, acquired the premises of Evelyn Hayden, under Map No. 26. At the time the County acquired this property, it also acquired the remainder of the Hayden property, being a small parcel to the northwest.

My client, Mr. Perley C. Morse, is willing to purchase the small remaining portion of the former Hayden property, which, as I understand it, is not necessary for highway purposes, for the sum of seventy-five dollars, and on his behalf, this offer is made.

If this offer is satisfactory to your Committee, will you kindly take the necessary steps to authorize the conveyance of the premises above referred to?

Yours very truly,

ROBERT G. GROVES

Your kind expression of sympathy is gratefully acknowledged and deeply appreciated.

In addition to the one hundred and twenty-one cases listed above as dealt with by the Court during the year, there are now twenty-four cases pending, in which hearings have been held and in which further deliberation is necessary before decisions can be rendered.

The results sought in all cases are the protection and welfare of the children of this community. If such results have been obtained and if the children appearing before this Court have been protected where they needed protection, helped where they needed help and punished where punishment seemed necessary, credit is due in large measure for these accomplishments to the excellent work done by Mary C. Doremus, County Agent for Dependent Children and Robert J. Service, Chief Probation Officer.

The Court, in every case required, has received the hearty cooperation of the County Agent, Mary C. Doremus, who has made a large number of investigations and reports and who has attended practically all of the sessions of the Children's Court during the period covered by this report and has assisted the Court by her counsel and advice in the many puzzling cases which have arisen.

Mr. Robert J. Service, the Chief Probation Officer, has taken charge of numerous probationers and other children and has worked with them and given most efficient attention to their cases. He has done his work well and thoroughly and has accomplished much toward the protection and the reformation of the children whose cases have been committed to his care.

In addition, in his field work during the past year, he has rendered valuable service throughout the County in settling various complaints and in obviating the necessity, in very many cases, of matters being presented to the Children's Court.

The Court takes this opportunity of expressing, and publishing his expression of, his sincere appreciation for the assistance of the above-mentioned officials and also for the ready cooperation he has received from the Sheriff's Office, the District Attorney's Office, the State Police and the City Police.

Respectfully submitted,

FRED'K G. TRAVER,
County Judge of Ulster County and
Judge of the Children's Court.

Dated, December 1st, 1936.

REPORT OF COUNTY JUDGE OF DISBURSEMENTS FROM APPROPRIATIONS FOR PISTOL PERMIT FUND

To the Honorable, the Board of Supervisors of the County of Ulster:

I, Frederick G. Traver, as County Judge of the County of Ulster, pursuant to a resolution of your Honorable Board, passed during the month of December, 1935, whereby the sum of Six Hundred Dollars ($600.00) was appropriated for expenses of the Pistol Permit Bureau, to be known as "The Pistol Permit Fund" for the year 1936, and whereby an itemized verified statement as to expenditures therefrom was required to be made by me to your Honorable Board, do hereby certify and report that from the 1st day of November, 1935, up to and including the 31st day of October, 1936, I have paid out and expended from such appropriation of Six Hundred Dollars the following sums:

Total credit balance appropriation Oct. 31, 1936	$ 56.59

I further report that vouchers showing in detail the payments hereinbefore set forth are on file in the office of the County Treasurer, and that such payment as shown to have been made to Mildred C. Townsley was made for work performed by her outside of the regular office hours of this office.

I further report that the license fees authorized by law at the rate of fifty cents each, collected from November 1st, 1935, up to and including October 31st, 1936 were turned over to the County Treasurer and amounted to the sum of Three Hundred Ninety-nine Dollars and Fifty Cents ($399.50).

I further report that we have been able to conduct the affairs of the Pistol License Bureau much more economically under the appropriation system adopted four years ago than under the system in vogue prior to the adoption of that method and I again respectfully recommend that an atttempt be made to procure an amendment to the law increasing the license fee at least to one dollar in order that the County might be more nearly reimbursed the amount of actual and necessary expenditures involved in the issuance of licenses.

Dated, November 1st, 1936.

FRED'K G. TRAVER,
County Judge of Ulster County.

REPORT OF PROBATION WORK DONE IN COUNTY AND CHILDREN'S COURTS OF ULSTER COUNTY, NEW YORK, FROM

DECEMBER 1, 1935 TO DECEMBER 1, 1936

To the Honorable Frederick G. Traver,
Judge, County and Children's Courts,
Ulster County, New York.

Dear Sir:

You will find appended a brief statistical report on the official cases

which have been on probation from the County and Children's Courts of this County from December 1, 1935 to December 1, 1936.

Besides the delinquency cases listed with this report, and the few informal cases not listed, hardly a day passes that does not bring some parent, teacher, Justice of the Peace or some individual youth for consultation looking to the solution of a behavior problem. Attitudes soon develop habits and it is better to spend the necessary time to correct an attitude or habit before it becomes fixed and a possible delinquency occurs. It tends to cut down the number of delinquency cases that might otherwise come to the attention of the Court. The process is comparable to removing the cause to prevent the fire.

In the scientific approach to the proper treatment of disease, medical science endeavors to first find the cause (isolate the germ), then determine the best attack and finally to eliminate it. What is true in general is equally factual in individual cases. The scientific approach in the treatment of social delinquency also has its cause, point of attack, and a cure to be affected.

On the average juvenile delinquents appear about two years previous to their real known delinquency as "problem cases" in or out of the home or school. In a study made of 26,000 children in New York State in 1933, there were listed as "problem cases" 2.3%. Properly speaking, a "problem case" is an "individual with a problem" that should be solved by him for the welfare of himself and the community. He needs help, advise, encouragement and guidance. Parents and teachers are so often occupied with a host of other situations to meet at the moment that the child's problem is overlooked until he has developed a fixed set of bad habits that later lead him into open conflict with society and eventually with the court. A large portion of the time of the probation officer belongs to the individual with a social problem to solve.

I am sorry that it was necessary in the past year to return to court the few cases that failed to do well on probation and I want to thank both you and the District Attorney for the support given me in the working out of the cases assigned me. Everyone who is found to be guilty cannot profit by probation. It is your careful selection after sound investigation that makes possible in formal probation any success it may attain.

In both prevention and correction I want you to know of the great

help that the Kingston and State Police and the Sheriff's office have been, together with the various volunteer officers throughout the county the mention of whose names would spoil to some extent the effectiveness of their work.

Respectfully submitted,

ROBERT J. SERVICE,
Chief Probation Officer,
County and Children's Courts,
Ulster County, New York.

THE STATE CHARITIES AID ASSOCIATION

November 24, 1936.

To the Board of Supervisors of Ulster County,
Kingston, New York.

Gentlemen:

As President of the Ulster County Committee of the State Charities Aid Association, we are again presenting our annual report for the year ending September 30th, 1936.

We ask that you consider this report in the light of one of the best years we have had. Due to the efficient work of the County Agent there has been more accomplished this year than last. The increase in the number of children committed and supported made this necessary.

We would particularly direct your attention to the fact that the amount of moneys collected this year exceeds last year by over $1,000.00, bringing the total collected up to a sum almost equaling the amount of the appropriation from the county. This shows that through the efforts of the County Agent, the county has been saved an additional expense for support to the amount of $3,268.19.

We are more than grateful for the support which your Honorable Body has given us during the past year and we would respectfully ask that you continue this in your appropriation for the coming year that we may be able to take care adequately of those who come under our care and guidance.

We ask that you give careful attention to the report of the Treasurer, which testifies to the economical and efficient manner in which the moneys are handled by the County Committee of the State Charities Aid Association.

Thanking you for past consideration and asking for a continuance of the same, we beg to remain

Yours very truly,

CLARANCE E. BROWN,
President, Ulster County Committee
State Charities Aid Association.

REPORT OF THE ULSTER COUNTY TUBERCULOSIS HOSPITAL

For the Fiscal Year Ending October 31, 1936

To Dr. Frank B. Seeley, President, and to the Board of Managers of the Ulster County Tuberculosis Hospital:

In December, 1931, Ulster County recognized its obligations to its citizens who were afflicted with tuberculosis and the doors of our present modern sanatorium for the treatment of that disease were opened. From the old institution, we transported by ambulance 19 patients, who were practically all in the far advanced, incurable stages of this condition. In spite of all efforts to restore them to health their condition was such that only five of them are alive today, and of these three have had pneumothorax or phrenicexeresis. Now, let us compare the results obtained with the patients who have been admitted to our hospital since that time. We have treated between 400 and 500 cases of tuberculosis from 1931 to 1936 and of that number only 80 have died. In other words, we must compare a mortality rate in the first group of about 80% with that of 20-25% in the number who were admitted before the condition was not far advanced and who have had added advantages of earlier surgical intervention. These figures represent the difference between the modern treatment of tuberculosis with the methods of a generation ago. A study of over 15,000 cases in different parts of the country shows that 80% of tuberculosis patients with cavities in the lung die within two years unless they are treated by such surgical measures as artificial pneumothorax, phrenicexeresis, or thoracoplasty. One hundred years ago from 25-30% of all deaths were due to pulmonary tuberculosis, while today only 7% can be attributed to this cause. Our present civilization has recognized the incontrovertible fact that tuberculosis is a community problem in the great majority of cases and must be dealt with in that way.

Each year since the erection of the hospital the work in the diagnosis, prevention and treatment of tuberculosis has been extended. This progress has been due to the mutual cooperation of the Medical Profession and the people of Ulster County, and without this our good results could not have been obtained. Our organization has tuberculin-tested and surveyed about 14,000 school children in the county, and by examination of the positive reactors and members of their families, we have discovered over 50 cases of pulmonary tuberculosis, many of these in a highly contagious stage. Recently we examined a family in which the father was found to have a far advanced case of tuberculosis. There were six children in the

household and five of these had definitely demonstrable lesions in the lung. We cannot, with these conditions present, feel that tuberculosis has been conquered, even though the New York State Department of Health reports the death rate in Ulster County has been reduced nearly 50% in the past ten years.

The hospital and work done throughout the County can be summarized as follows:

	1935	1936
Patients in hospital November 13th	53	53
Admissions during the year	84	86
Discharged during the year	60	58
Actual hospital days service	18,782	19,231
Gross per diem per patient	$ 3.42	$ 3.32
Net cost to County per patient	$ 2.89	$ 2.79
Total check-ups on discharged patients	786	1,081
Pneumothorax treatments on clinic patients	510	694
Pneumothorax treatments on hospital patients	687	937
Total clinic cases examined and treated	1,737	2,201
Children tuberculin-tested	2,300	3,127
New positive cases discovered in clinic	87	115
Tuberculosis patients now under treatment and supervision	317	416

Ulster County is indebted to many of its citizens and professional men and women for their interest and help in carrying on our program of activity. The members of the Ulster County Medical Society are always willing to give their services without remuneration to any needy patient in our institution. Members of the Dental Society cheerfully assist and donate their services to our patients. Dr. Sam Stern has been generous in helping our inmates who need attention for correction of eye conditions.

The Ladies' Auxiliary carry on a very necessary work in supplying materials for Occupational Therapy in the institution. Many of our patients have been confined to their beds for months and even years, and this work is of tremendous value to them. The Auxiliary members also devote time in distributing books and magazines throughout the hospital. Many of our friends remember the patients at Christmas time and throughout the year with gifts of money and donations of food, magazines and clothing. We can only hope that their interest will continue and that they will wish to share more and more in such worth while work. Miss

O'Sullivan, our Occupational Therapist, has done splendid work during her connection with the hospital and is to be commended for her excellent professional and friendly relations with our patients.

We extend our thanks to Mr. James Loughran, Superintendent of Highways, for his many courtesies and prompt attention in repairing and ploughing our roads and for the work of his department in maintaining the grounds of the institution. We also appreciate the friendly cooperation of the newspapers of the County in publishing news and reports concerning the work which is being done to control tuberculosis in Ulster County.

The employees of the hospital in the administration, nursing and other departments have done very satisfactory work during the past year. I wish to thank them personally for their efforts.

In spite of advancing prices of food and fuel we are able to report the lowest per capita cost since the opening of the hospital in 1931. I feel, that with the type of care that is being given to the patients in the institution, it is only by efficient and economical management that these results could be obtained.

During the past year the following improvements have been effected. The floors in two corridors have been relaid and the patients' rooms have been painted by our own employees. Water mains connecting those on Marius Street and the Boulevard have been laid and constructed. This gives us a much needed clean supply of water instead of the former dirty one which came from the dead end of the main on the Boulevard. The roofs over the uncovered parts of the second floor are being built, which was a necessary measure to stop the leaking of rain water into the rooms below. The water tower is being painted, and a new incinerator has been installed. We will continue our efforts to maintain the hospital in its present excellent physical condition.

The following table includes all expenditures for hospital and County field work with revenues collected from clinic and institutional patients:

Salaries and Wages	$ 33,063.77
Food, Ice, Water	14,499.13
Fuel, Light, Power	7,002.75
Repairs, Maintenance, New Equipment, Replacements	3,489.35

Charts	14.45
	$ 64,021.38
Less Amount Received from Patients	10,208.65
Net Amount of Operation	$ 53,812.73

A comparison of expenditures and revenues can be summarized as follows:

	1934	1935	1936
Total Expenditures	$67,456.99	$64,329.32	$64,021.38
Net Amount of Operation	60,692.91	54,408.14	53,812.73
Income from Patients	6,764.08	9,921.18	10,208.65

I wish to thank our Board of Managers for the personal attention they have given the management of the Ulster County Tuberculosis Hospital. Under the able chairmanship of Dr. Frank B. Seeley they have carefully considered and advised us in all matters that pertain to the operation of this institution.

Everyone connected with the hospital regrets deeply the death of our beloved Superintendent of Nurses, Lilian B. Hagelweide. She devoted over fifteen years of her life to the fight against tuberculosis, and in her passing the County has lost a loyal and efficient servant and the institution and its patients a sincere and faithful friend.

The Board of Supervisors of the County and its individual members have always interested themselves in the Tuberculosis Hospital and many of them visit us during the year. We hope that this interest and continued cooperation will be extended to us in the future. We must look to them

for their help in carrying on a program in public health which saves so many lives and safeguards the health of all citizens of Ulster County.

FREDERIC W. HOLCOMB, M.D.,
Superintendent.

ANNUAL REPORT OF THE PRESIDENT OF THE BOARD OF MANAGERS

To the Board of Supervisors,

Gentlemen:

The year has been one of mingled lights and shadows. The work has gone on with the entire force working harmoniously under the leadership of the Superintendent, Dr. Frederic W. Holcomb. The Board feels deeply that the County is to be congratulated in having at the head of its Tuberculosis Hospital one of his rare skill and knowledge in the diagnosis and treatment of tuberculosis. The report of the Superintendent reveals the marked success of the work under his direction, placing the hospital among the leaders of the entire institutions in the State.

In spite of increased prices in foodstuffs wise management has kept the per capita cost of service at the low figure of $2.89.

The hospital suffered a very great loss in the sudden death of Miss Lilian B. Hagelweide, who was head nurse since its opening in 1931. She did a great work out of a trained mind and loyal and devoted spirit, and she will be greatly missed. The Board feels it is very fortunate in having been able to find one to take her place so efficiently as Miss Elizabeth Kraus.

We cannot speak too highly of the great service to the hospital of Dr. George Weber, who for three years has been the Resident Physician. Whole-heartedly devoted to the institution, giving unstintingly of a fine mind and boundless energy to the work, loved both by the entire staff and every patient in the hospital, it was with great regret that we surrendered him to the State Department of Health in July for a larger service. His successor, Dr. Jacob Eisenberg, has already won the confi-

dence and high regard of all associated with him at the hospital.

We have endeavored to keep the building in ideal condition, making needed repairs to the porches and roofs, painting the water tower and replacing floors where they had become deteriorated.

The Ladies' Auxiliary has given wonderful assistance to the work and we take this opportunity of extending our thanks for their greatly prized aid.

Appreciating the confidence reposed in the Board and the magnificent cooperation we have received at all times from the Board of Supervisors,

Respectfully,

REV. FRANK B. SEELEY,
President.

Pursuant to the provisions of Section 34 of the Election Law, the

Board of Elections of Ulster County respectfully submits its annual report for the year 1935.

This Board compiled the list of enrolled voters for the year 1934 and transmitted the results of the same in the annual report for the year 1934. In compliance with the statute, your Board sent certified transcripts of such enrollments to the Chairmen of all necessary political parties immediately after the completion of the enrollments for the year 1934. The Board of Supervisors, as stated in our last annual report, again did not make an appropriation for the printing of extra copies of the enrollment. Therefore, this office will be unable to furnish additional copies of the same for distribution.

The enrollment for the year 1935 is now being done and a tabulation of the same having been completed, a copy thereof is hereby attached and made a part of this report.

The complete tabulation of the enrollment for the year 1935 was a total of 32,704 being as follows: Democratic 11,966; Republican 20,598; Socialist 121; and Communists 19.

The enrollment for the year 1935 shows a marked increase over that of the year 1934. The total increase of enrollment in the County of Ulster including the City of Kingston is 7,341.

CENTRAL REGISTRATION

Pursuant to the provisions of the statute, Central Registration was conducted by your office for the year 1935 beginning August 1st and continuing through the month to and including August 31st. In our County the City of Kingston is the only section whereby under the statute, Central Registration applies.

The total number of persons registered by the Central Registration Board in 1935 was 42. This was an increase of 20 over the number registered at Central Registration for the year 1934.

VOTING CERTIFICATES

During the year 1935 this Board was again called upon to issue a certain number of voting certificates which are now principally used for the purpose of establishing residence for people seeking employment.

The number issued in the year 1935 was 18, this number being 6 less than that issued in the year 1934.

FALL PRIMARY

The official Fall Primary was held throughout the County of Ulster on September 17, 1935. As provided by law, this Board duly published the notice of such Primary Election and also published a list of the polling places.

The Designating Petitions were properly filed with the Board and the same duly examined. As required by the statute, notices were mailed to all persons designated for public office in the County.

In accordance with its duties this Board prepared and furnished the necessary official and sample ballots for all parties and all election districts in the County and these together with the necessary supplies were delivered to the Town Clerks for distribution to the various election districts.

This Board canvassed the vote as cast in such election, the result of which was as follows: Democratic High Vote was 1,504; Republican High Vote was 2,327; the Socialist High Vote was 32; and the Communist High Vote was 1.

The vote cast by the Democrats and Republicans showed a marked increase over that for the year 1934. The Socialist vote also showed a substantial increase over that of 1934. The Communist party for the first time showed a vote of one.

The total cost to the County for the conduct of said Fall Primary Election was $2,754.16.

REGISTRATION OF VOTERS

Personal Registration occurred on October 11, 12, 18, and 19 in the City of Kingston and non-personal registration which applies to all districts outside the City of Kingston occurred on October 12 and 19.

At the last General Election one Proposition and three Amendments were submitted to the voters and your Board procured 30,000 copies of the context of said proposition and amendments and the same was dis-

tributed to the voters at the time of registration together with other necessary supplies and equipment.

The total registration for the County of Ulster for the year 1935 was 54,817 of which 39,397 was non-personal and 15,420 personal. There was a large increase in registration for the year 1935 over that of the year 1934. The increase in non-personal registration being 1,943 and the increase in personal registration 2,075, making a total increase of 4,018.

The expenses in connection with such registration were $708.70.

ABSENTEE VOTERS

The number of applications for Absentee ballots received by your office for the year 1935 was 387. Three hundred thirty-nine were accepted by this Board and 48 were rejected. The number of persons voting absentee ballots and returning the same to this office was 147. The number of applications received in the year 1935 was larger than that received in the year 1934. The increase being possibly due to the fact that in the year 1935 Town officers were elected which usually brings a larger number of applications than other years.

GENERAL ELECTION

General Election for the year 1935 was held throughout the County of Ulster on November 5th and in compliance with the statute your Board duly published the notice of General Election together with the lists of nominations in the local papers.

Your Board also furnished the necessary voting machine supplies for the City of Kingston and all districts of the County of Ulster outside the City of Kingston where voting machines are now in use.

The expenses of such General Election amounted to the sum of $7,015.92.

Pursuant to the statute the Board of County Canvassers convened on November 12, 1935 at 12 o'clock noon and completed its work on November 14, 1935. As required by statute this Board attended the proceedings of the Board of County Canvassers.

REPORT OF COMMITTEE ON TOWN AND COUNTY ACCOUNTS, BOARD OF CHILD WELFARE

To the Board of Supervisors of Ulster County:

Gentlemen: Your Committee on Town and County Accounts reports as follows:

We have examined the report of the Ulster County Board of Child Welfare for the year ending October 31, 1936, which was referred to us and we have determined therefrom that the actual expenses for the relief

of widowed mothers and children in the several Towns, and the City of Kingston are as follows:

Town of Esopus	$ 780.00
Town of Gardiner	45.00
Town of Hurley	398.00
Town of Kingston	300.00
City of Kingston	7,458.00
Town of Lloyd	1,545.00
Town of Marlboro	30.00
Town of Marbletown	1,564.00
Town of New Paltz	435.00
Town of Olive	250.00
Town of Rochester	825.00
Town of Rosendale	490.00
Town of Shandaken	280.00
Town of Saugerties	5,474.00
Town of Shawangunk	1,120.00
Town of Ulster	2,049.00
Town of Wawarsing	2,610.00
Town of Woodstock	1,326.00
Town of Plattekill	491.00
County of Ulster	300.00
Total	$ 27,770.00

Pursuant to a resolution adopted by the Board of Supervisors of Ulster County, on December 8th, 1920, the amounts expended for the relief of widowed mothers and their children in the several Towns, and the City of Kingston, are chargeable against such Towns and the City of Kingston.

We, therefore, recommend that the several amounts set forth be levied and assessed upon the taxable property of the several Towns and the City of Kingston, as above set forth, and paid to the County Treasurer of Ulster County, to be credited by him to the Fund for the Board of Child Welfare of Ulster County.

In addition to the above, we find that there has been expended during the past year for other expenses of the Board of Child Welfare, the sum of $1,866.09.

In view of the fact that there are sufficient funds credited to the account of the Board of Child Welfare, your Committee feels that it is unnecessary to raise the customary amounts heretofore provided for office, travel, rent and secretarial assistance and the sum required by Section 153, Sub-division 7 of the General Municipal Law, as these items may be properly charged against the balance so remaining.

All of which is respectfully submitted.

Dated, Kingston, N. Y., December 4, 1936.

	$ 11,112.03

We, therefore, recommend that said amounts be assessed and levied upon the taxable property of the said several Towns, and the County of Ulster, outside of the City of Kingston, as above set forth.

We find from the report of the County Commissioner of Public Welfare, that there has been expended during the past year for the care and maintenance of children in the Industrial Home of the City of Kingston, and in Boarding Homes on behalf of the several Towns, and the County of Ulster, outside of the City of Kingston, the following amounts, to-wit:

REPORT OF THE COMMITTEE ON THE FORM AND FOOTING OF ASSESSMENT ROLLS

To the Board of Supervisors of Ulster County:

Gentlemen: Your Committee on the Form and Footing of the Assessment Rolls reports as follows:

That we have examined the assessment rolls of the several tax districts submitted to us. That each roll is properly verified as required by law. That in all respects the said rolls are, in the opinion of your committee, of the form required to make a legal tax levy thereon.

Your committee further reports that we have verified and corrected the footings of the assessment rolls referred to us, as made by the assessors and Supervisors of each tax district and that the following is a correct statement of such footings:
